WOOD-MIZER TO OPEN AUTHORIZED SALES CENTER IN MONTANA Facility to Serve Montana and Wyoming; Offering New Product Sales, Blades and Training

INDIANAPOLIS, IN - Wood-Mizer Products, Inc. will open its ninth Authorized Sales Center in the United States with their newest location in Basin, Montana. The company has worked for a number of years to make sales and service more accessible to customers and potential customers. With this opening, Wood-Mizer will have a total of 20 locations in the United States and Canada.

A Grand Opening Celebration will take place on Saturday, May 10, from 8am – 2pm and all Wood-Mizer owners and the public are invited. The event will be held at the Jefferson County Fairgrounds on North Whitetail Road in Boulder, Montana. The event is free and guests will enjoy refreshments, live sawing demonstrations on a variety of Wood-Mizer's portable band sawmills and DoubleHard blade presentations.

Rocky Mountain Wood-Mizer will be managed by Sean and Debbie Sheehan. The family runs a successful sawing venture using their sawmill to produce building materials. They are veteran Wood-Mizer operators and use an LT27 in their operation. The Sheehan's can be reached at 406.225.4362 or rockymountainwoodmizer@yahoo.com.

L to R: Debbie, Sean, and Willow Sheehan, and Dave Brachmann.

Dave Mann, VP of the Sawmill Division, explains that Authorized Sales Centers offer customers a place to see sawmill demonstrations before their purchase, receive new mill training, and have access to some common blades and parts. "We are diligent in our effort to shorten the road between Wood-Mizer and our growing list of customers," he comments. "Our Authorized Sales Centers bring Wood-Mizer's equipment and legendary support closer to home," he concludes.

Wood-Mizer is the leading manufacturer of portable band sawmills and offers an extensive line of mills covering a wide range of cutting capabilities. In 2007, the company celebrated their 25th year in manufacturing portable sawmills and exceeded a milestone of selling more than 40,000 mills worldwide.

To find out more about Wood-Mizer sawmills, contact Wood-Mizer Portland at 503.661.1939 or visit www.woodmizer.com. The corporate sales office can be reached at 1.800.553.0182.
